

Application

Samsung Galaxy S2 4G

Go to your Settings

- From the home screen, touch **Email**
- Press the **Menu** key and then touch **Settings**
- Touch your Northwestel Webmail account

Change your Mail Servers

- Touch **Incoming Settings**
- Change your **Incoming Server Host Name** to pop3.northwestel.net if you are currently using **POP3** settings or imap.northwestel.net for **IMAP** settings
- Select SSL as a **Security Type**
- Change the **Server Port** to 995 for **POP3** or 993 for **IMAP**
- Touch **Done**
- Touch **Outgoing Settings**
- Change your **SMTP Server** to smtp-auth.northwestel.net
- Choose STARTTLS as a **Security Type** (some devices may call this SSL/TLS)
- Change your **Port** to 587
- Touch **Done**

Thank you for updating your Northwestel Webmail security settings. Your device may have already been configured correctly, in which case you may not have had to make any changes to your settings.

Browser

Samsung Galaxy S2 4G

Add a Bookmark

- Touch on the **Web Browser**
- Touch the **Menu** key
- Touch **More**
- Touch **Add Bookmark**
- Enter the desired name in the Name field
- Enter **webmail.northwestel.net** in **Location** and touch **OK**

Thank you for updating your Northwestel Webmail. We're currently hard at work making your Northwestel Webmail even better. We're sure you'll enjoy the new features of your improved service.
